

DONATION

Dear Conor,

Today, during the service in the Parish of Winton, Moordown and Charminster, I donated items to a collection for Hope for Food, a charity providing food and basic essentials for people living in Bournemouth. Last month they helped over 1200 people. Figures like this are a stain on a civilised, compassionate society.

This charity, and others like them, should not exist.

I would be interested to know what you are doing to address the root causes of food insecurity and eradicate the need for charities like Hope for Food.
