

Neighbour

- Who is your neighbour? Do you feel as if you're surrounded by 'familiar strangers,' or are you part of a community?
- In today's fast-paced, individualistic society, we may have little contact with our actual neighbours. It's tempting to try and go it alone, but we all need to be part of a community if we're going to flourish. Understandably, people with good neighbourhood contacts are happier and healthier than those who feel isolated.
- Are there creative ways your school can reach out to the local community?
- Is there anything more you can do to engage with your neighbours at home? Summer often gives us more opportunities to interact as we spend more time outdoors.

'In order to have good neighbours, we must also be good neighbours.' Harry S Truman
