

Rector **of the Itchen Valley** *Half time post*

We are seeking a Rector for the beautiful Itchen Valley which runs between the market town of Alresford and the city of Winchester. We are looking for a parish priest who will

- Walk alongside us in faith
- Relish the opportunities of village life to integrate the churches even more closely into their communities
- Nourish existing ministries and nurture new vocations
- Work alongside colleagues in Chapter in reimagining the life of the Deanery

The four villages make up an established single parish with an Administrator.

We rejoice in

- a thriving church community with many flourishing forms of ministry and worship
- a mature single parish structure of governance
- good local schools
- a spacious Rectory & garden
